

# HELP US 'DUMP THE JUNK'

## WHAT IS SLOWING YOU DOWN?

Do you want to **remove unnecessary documentation** from your workflow?

Do you want to **consolidate duplicative documentation**?

Looking to **reduce the interruptions** when you're treating a patient?

**Dump the Junk** is a new initiative from the Clinical Informatics team to improve our EHR experience. Please tell us what's slowing you down by scanning this QR code and filling out the form.

### CLINICAL INFORMATICS

The Clinical Informatics team from DTS partners with our clinical, quality, and research teams to transform the clinician experience, enabling HMH to deliver the highest quality patient care, agile data analytics, and cutting-edge research.

### WANT TO BE INVOLVED IN INFORMATICS?

- Nursing Informatics has network and regional councils which meet monthly.
- Epic Physician Advisory Council (EPAC) includes inpatient and ambulatory councils.
