

BE A PART OF OUR

2024 INTERNSHIP PROGRAM

MISSION

The intern program is intended to create a beneficial relationship and growth opportunity for HMH, its team members, and collegiate students in the New Jersey area. This program will enhance our ability to create a pathway to recruit top talent, build strong relationships within the community, and expand brand awareness.

2024 INTERNSHIP PROGRAM: June 3, 2024 — August 23, 2024

WORK ENVIRONMENT: Hybrid work environment with up to 50% remote work.

OFFICE LOCATION: 499 Thornall Street, Edison, NJ 08837

HOW THE PROGRAM WORKS: Interns are integral members of a cohort consisting of 12 individuals, each specializing in various departments within DTS. Within this cohort, every intern is paired with a mentor who provides guidance throughout the program's daily activities.

“The overall structure and experience of the internship was amazing for me. I learned so much outside of what IT in healthcare is”

“HMH has a fantastic workplace atmosphere.”

PROGRAM HIGHLIGHTS:

- ⚙ Hands-on experience in a specific area of Digital Technology Service (DTS)
- ⚙ Guidance from a mentor who is a leader in health care IT
- ⚙ Exposure and regular interactions with Senior Leadership
- ⚙ Opportunities to learn about health care outside of IT
- ⚙ Educational opportunities related to how to thrive and be successful in the workplace

TIMELINE & SELECTION PROCESS

- ⚙ A diverse range of internships are available, encompassing both technical and non-technical opportunities. Candidates have the flexibility to choose up to three areas of interest to be considered for after the initial application process.
- ⚙ There will be one to two rounds of interviews for each internship.
- ⚙ Interviews will range from 1 - 4 interviewees.
- ⚙ All interviews will be done via video conference using Google Meets.
- ⚙ Interviews will be conducted between October thru November, 2023. Final selections will be made around the 1st of the year (2024)
