Subject Line: Did You Know? Venga Is a Lokalise Partner!

Hi (Name),

As a Lokalise customer, you understand the benefits of collaborative translation. From translators to project managers, it takes a team to get things done. Yet building one internally isn't always an option.

When you need a translation team that understands your industry and your unique needs, turn to Venga Global. As a Lokalise partner, we provide a seamless experience within your preferred platform. With Venga and Lokalise, you'll have peace of mind that your projects will be delivered on time and on-budget—every time.

Would it make sense to discuss this further? Hit reply and let me know.

Subject Line: Go Beyond Localization Maturity with Venga

Hi (Name),

As a Lokalise customer, you already know the benefits of automating your localization efforts. But if you truly want to impress your boss, you need a strategy that goes beyond localization maturity. What you need is a strategic growth plan—and Venga can help you build one.

We're not only a trusted advisor for all things localization-related, but a Lokalise translation partner. When you work with us, you'll enjoy all the benefits of a customized strategy without switching platforms.

I've included a link to our [on-demand "Beyond Maturity" webinar](#) to give you more insight into how we can help.

Subject Line: Enjoy Continuous Localization with Venga and Lokalise

Hi (Name),

As a Lokalise customer, you know how important continuous localization is in today's fast-paced world. From websites and apps to legal documents, content is ever-changing. That's why you need a custom program that takes the work out of updates.

At Venga, we not only work with you to build that program, but will keep your content fresh. And as a Lokalise partner, we make the process as seamless as possible within your preferred platform.

I've included a link to our [Venga Program Approach ebook](#) to give you more insight into how we can help.

Subject Line: Customize Your Localization Program with Venga Global

Hi (Name),

As a Lokalise customer, you already know that the localization process is rarely one-and-done. Websites, apps, software, and numerous other projects require continuous updates. That's why you need a custom localization program that can keep up.

At Venga, we work with you to build that program and provide the continuous localization you need—all within the Lokalise platform. As a Lokalise partner, we offer a seamless experience that makes it easy to meet your localization needs on time and on-budget.

I've included a link to our [Venga Program Approach ebook](#) to give you more insight into how we can help.
